Graeme Currie

Labour Candidate for North Shropshire

ELECTION COMMUNICATION

 Labour Thursday 8 June

I'm campaigning to defend our NHS both nationally and locally. The Royal Shrewsbury Hospital A&E Unit saved my daughter's life after a car accident. I will campaign to save this valuable local facility.

 Labour Thursday 8 June

Promoted by Kevin Morgan on behalf of Graeme Currie both at Eden, Chapel Lane, Bagley, Ellesmere, North Shropshire, SY12 9BS

Out and about in North Shropshire at Whitchurch Market. Local campaigner and local man.

I'm delighted to be selected again to represent the Labour Party in North Shropshire.

I live with my family in Bagley near Ellesmere and my children attended local schools. I appreciate the heritage and countryside on our doorstep.

I was made redundant from Shropshire Council in 2011 and started my own Social Work Company. I work from home and share the frustrations of a lack of rural broadband.

I will fight for our local NHS provision as my daughter only survived a serious road traffic accident because of the proximity of the A & E in Shrewsbury.

The Labour Party has a plan for a better Britain, a country less divided and with opportunities for all and not just the few.

Use your vote wisely. Labour came a clear second in 2015. Only Labour can beat the Conservatives in North Shropshire.

Vote Labour on the 8th June.

Graeme Currie

Working for North Shropshire

For the many and not the few
The people of North Shropshire need a Labour government that will work for them. I am campaigning to be elected to serve the People of North Shropshire and be a strong voice for our area.

Defending Our National Health Service
We'll always put patients at the heart of our NHS. We must retain our two A&E departments and local maternity units here in Shropshire.

A Strong and Growing Economy
First and foremost, a Labour government will prioritise investing in our economy. I will defend and promote local businesses and campaign for improved broadband and mobile coverage.

Protecting Our Environment
I will work to defend our countryside and local heritage against development that is not sustainable. A Labour Government will commit to combat climate change.

Supporting hard working people
Labour will protect the value of pensions, and work for opportunities and equal rights for people with disabilities. We will raise the minimum wage to £10 an hour and end the public sector pay cap.

I think we need a fresh voice here in North Shropshire. I trust Graeme to work hard and speak up for local people. He was a strong supporter of the campaign to kick out Fracking and has long supported a number of environmental campaigns to defend our countryside and heritage here in beautiful North Shropshire. Graeme and his team will put North Shropshire first. Make sure your vote counts and vote for Graeme!

Dr George Nash
Environmentalist and Planning Campaigner-Wem

Save our NHS

A Labour government will immediately halt all Tory hospital closure plans. We will end NHS privatisation and bring services into a secure, publicly-provided NHS. We will integrate the NHS and social care for older people and those with a disability.

Education and our Young People

We will build a new National Education Service. We will ensure there is universal childcare to give all children a good start in life. We will bring about the progressive restoration of free education for all and guarantee quality apprenticeships and adult skills training.

Put the "Public" Back into Public Services

We will rebuild public services and expand democratic participation. We will increase access to leisure, arts and sports across the country, and expand our publicly controlled bus network. We will bring our railways into public ownership and extend democratic social control over our energy.
